## General Civil and Commercial Litigation

Our litigation experience covers every area of our practice. Members of the firm have been honored for their trial expertise. These honors include the selection of KRW attorneys to the American College of Trial Lawyers and other prestigious litigation organizations. Active leadership roles are also routinely assumed by our attorneys as members of appointed court committees and several trial practice groups.

Our litigation experience allows us, in appropriate circumstances, to avoid litigation, or to reduce its associated client costs and time commitments. When necessary we become involved in dispute resolution and negotiation on behalf of our clients, always mindful of litigation as a final option. Through decades of experience in trial work, we have developed an acute sense of when it is best to try a case or to settle a dispute outside of the courtroom. We keep clients advised and welcome their involvement in making key decisions evaluating both the costs and benefits of going to trial.

Our services include:

- Administrative proceedings
- All pretrial and trial services
- Commercial and personal injury litigation and claims of all types
- Defense of professionals and executives
- Arbitration proceedings
- Mediation and facilitation
- Settlement negotiations and structured settlements
- Appearances before federal and state courts and agencies
